

Directions to Clinic:

The office is centrally located in Manhattan. It can be reached by way of the West Side Highway. However, parking is difficult and most people use public transportation. The nearest subway station is either Lincoln Center (66th St.) or 59th St./Colombus Circle. Several bus lines serve the area, and the Broadway bus stop is just around the corner.

If you get lost please contact Dr. Daniel Lutzker at 212-957-1933
